What is Retention Center?

What is being taught?

Learn how the Retention Center can help you discover which students in your course are at risk. You can step in early to communicate with students who are struggling during the semester when you can make the biggest impact. No special setup required it is already built into your Blackboard course.

Workshop Objectives:

- How to access the Retention Center
- How to read the Retention Center page
- How to customize the At-Risk Table by adding rules to the 4 categories
  - Missed Deadlines
  - Grades
  - Course Activity
  - Course Access
- How to add an individual student(s) to monitor
- How to communicate with your students through the Retention Center
